RADIOACTIVE MATERIAL	\$100	This inspection fee is required to obtain an operations permit to store or handle at any installation more than 1 micro curie of radioactive material not contained in a sealed source or more than 1 mill curie of radioactive material in a sealed source or sources, or any amount of radioactive material for which a specific license from the Nuclear Regulatory Commission is required.

TYPE OF PERMIT	FEE	DESCRIPTION
SPECIAL EVENT	\$100 Per Day. (Maximum length of permit: 7 days) Plus Cost of Required Standby Personnel	This inspection fee is required to obtain an operations permit to operate a special event not classified as a carnival or fair that is open to the public.
TEMPORARY MEMBRANE STRUCTURES	\$25	This inspection fee is required to obtain an operations permit to operate an air supported temporary membrane. This fee can be waived at the discretion of the Fire Marshal or Fire Chief.
TENTS OR CANOPIES	\$75 (Maximum Length of Permit: 30 days)	This inspection fee is required to obtain a permit to erect or operate a tent having an area in excess of 200 square feet, or a canopy in excess of 400 square feet, except for structures used exclusively for camping. In addition, special event fees may apply if tents are used as part of a special event. This fee can be waived at the discretion of the Fire Marshal or Fire Chief.

NOTES:

1. This fee schedule is approved by the Board of Directors per CRS 32-1-1002(1)(e)(II).
2. The Fire Marshal or Fire Chief is authorized to make interpretations and clarification changes to the fee descriptions.
3. The Fire Marshal or Fire Chief is authorized to collect inspection fees or construction permits and for other items set forth in this schedule.
4. The Fire Marshal or Fire Chief may waive or reduce fees for non-profit organizations or other governmental agencies. The business or facility must apply in writing to the Fire Marshal or Fire Chief to waive such fees.
5. Confidence-testing fees apply to all facilities that have fire or life safety systems that are required to be inspected on a regular basis, by the fire code or other nationally recognized standard.
